Electronic Security

Fire Alarm

### Design Build Documentation

- Written Basis of Design
- Device and equipment layouts
- Riser diagrams
- System block diagrams
- Conceptual routing
- BIM compatibility

### Full Service Documentation

- Design Build Documentation
- Calculations and analysis
- Device and mounting details
- Construction details
- Construction administration

## REWIND Benefits

- ✓ Detailed design solutions to establish accurate and meaningful scope of work for Design Build pricing purposes.
- ✓ Bid documentation that supports Apples-to-Apples bid comparison, promoting competition, cost effective contractor pricing, reduced bid questions and change orders, and increased bidder confidence.
- ✓ Active consulting and field investigation during the preliminary design phases.
